

Making your journey

all better

Flight Club is an innovative brand created and specially designed for travellers' dining needs, which boasts an international culinary selection. We take the dining services in airports to a new level, where quality is presented in a friendly and jovial fashion. We provide a dine-in option for guests who have a long dwell time and a take-away option for those on the go. Flight Club's name is derived from its aviation theme. Designed to cater travellers, Flight Club incorporates aviation elements into its interior design as a constant reminder that healthy eating in an airport environment is possible. This reflects its desire for world travellers to maintain a sense of wellbeing while travelling.
